

I've played recreationally or club since 1987 including going to Nationals in 1998. Started out as an outside hitter and have transitioned to setting.

I was an assistant coach at Covenant College for 5 years. Coached with Dig To Win for one season, Choo Choo City for every season except the last two. Have a 1st and 2nd place finish in the regional championships. I was an assistant coach with Academy 17's and also help with toys. Now with A5 Chattanooga.

Hopefully I can make a positive impact on the young ladies and their families on and off the court through this game we all love.
